

## MESSAGE FROM THE DEAN-TRAINING AND PLACEMENT

**Dr. S. Subrahmanya Swamy**

Dean-Training and placement

Professor and Head,

Department of Mechanical Engineering

Bapuji Institute Of Engineering & Technology

Email: [placement@bietdvg.edu](mailto:placement@bietdvg.edu)

It is with immense pleasure, I extend a very warm invitation to companies to visit our campus and be a part of the placement drive 2015. We are confident, at BIET, you would find candidates meeting your requirements in practically every field of interest to your organization. It will be our pleasure to assist you in your recruitment efforts.

I would like to place it on record our deep sense of gratitude to all the companies who visited our campus during 2013-14.

The current batch of final year students (2015) has been trained in all aspects- be it technical or soft skills. The students have been trained by professional trainers.

BIET has an Industry-Institute Partnership Cell striving hard to bridge the gap between Industries & Institute, to foster effective interaction between Industry and Institute to impart meaningful education and to promote industrial consultancy & entrepreneurship. Many of the faculty members have R&D projects sponsored by leading National and International agencies. Quite a number of faculty members are active industrial consultants and are engaged in development of software, processes, prototypes, and products.

It is my sincere appeal to all the alumni of our institute to be in touch with us and extend all possible help and assistance to the Training and Placement Cell in its most important endeavour of training and enabling the students to realise their professional dreams.

With regards,

**Dr.S.Subrahmanya Swamy**
