LETTER OF INVITATION FOR CAMPAUS PLACEMENT PROGRAM

It is indeed with great pleasure we cordially invite your esteemed organization to participate in our campus placement program to consider students graduating in June/July 2014.

Bapuji Institute of Engineering & Technology (BIET) has been in the forefront imparting high quality technical education and is one among the top ten colleges in the state of Karnataka. State of the art infrastructure in all branches of engineering, dedicated and qualified staff, highly conducive environment for teaching-learning process and a lush green campus are the hallmarks of this professionally managed institution. BIET offers twelve undergraduate programs and five post graduate programs. The institute is affiliated to Visvesvaraya Technological University (VTU), Belgaum, and thirteen departments have been recognized as Research Centers by VTU and are offering Doctoral programs. The institute is also recognized by Institution of Engineers (India), Kolkata. Eleven undergraduate programs and one post graduate program have been accredited by the National board of Accreditation, New Delhi.

The form of education we need today is not just to create an informed set of individuals; instead develop individuals- with character, commitment, conviction, courtesy and courage, who are cultured, who can shoulder the responsibility of taking the nation forward and making it stronger than ever before. A true broad based education prepares students for life, without losing their areas of specialization and competence. BIET has understood the importance of broad based education and has created a conducive environment for the students to blossom into complete individuals. BIET believes in inculcating right attitude in the minds of young students and develop them as individuals who have the innate desire not just to succeed in their own lives but also to contribute meaningfully to societal development in all possible spheres.

BIET has an Industry-Institute Partnership Cell striving hard to bridge the gap between Industries & Institute, to foster effective interaction between Industry and Institute to impart meaningful education and to promote industrial consultancy & entrepreneurship. Many of the faculty members have R&D projects sponsored by leading National and International agencies. Quite a number of faculty members are active industrial consultants and are engaged in development of software, processes, prototypes, and products. BIET has collaboration with National River Conservation Directorate (NRDC), Swiss Development Cooperation (SDC), The Energy Research Institute of India (TERI), WIPRO, Karnataka Rural Development Engineering Department, BAIF Institute for Rural Development and many other organizations. BIET also has Memorandum of Understanding with Oklahoma State University-USA, Infosys, IBM and other organizations.

The Project work in the curriculum of the academic programme at the degree level is a major element in which the students use their previously learnt engineering skills, develop new skills and abilities. In BIET, emphasis is on carrying out projects related to industries with student interaction. BIET has been recognized as '**Best of College of the Year**' six times in the annual students' project exhibition conducted by Karnataka State Council for Science and Technology(KSCST), Bangalore. Every year, KSCST sponsors a number of student projects in BIET.

The alumni of this institute occupy very good positions in business, industry, R&D and academia in India and abroad. The Institute has consistently produced outstanding engineers who have excelled in their career and occupied responsible position in some of the best known enterprises in India and across the globe.

The Training & Placement Cell of our institution plays a pivotal role in counseling and guiding the students for their successful career placement which is a crucial interface between the stages of completion of academic program of the students and their entry into the suitable employment. In addition to campus placements, the Training and Placement Cell organizes Professional Development programs like mock interviews, group discussions, pre-placement talks, interactive sessions with industrial experts, case studies etc. and Personality Development programs covering communication skills, presentation skills, career planning etc., on a regular basis to enable the students to acquire the necessary traits to become saleable to industries. Many reputed national and multinational companies visit our institution for campus recruitment annually because of our high quality research, excellent facilities and talented students. On an average, 75 to 80% of eligible students are placed in last 3 years.

Tata Consultancy Services, HCL Technologies, Mind Tree Consulting Pvt. Ltd., Jindal Steel Works, Raymonds, Bharat Electronics Ltd., Caritor (India) Pvt. Ltd., Tata Elxsi, Tech Mahendra, Emphasis, Moody International, SunGuard, Perot Systems, Infosys Technologies, L&T Infotech, L & T Construction, IBM, Shahi exports, Arvind mills, Madhura Garments, Wipro Technologies, Cyprus Semiconductor, Cognizant Technologies, IFLEX are among the many leading companies visiting our campus for recruitment.

We are confident, at BIET, you would find candidates meeting your requirements in practically every field of interest to your organization. It will be our pleasure to assist you in your recruitment efforts.

The Training & Placement Cell provides all audio visual facilities for presentations, conferences, written test, group discussion and personal interviews. After confirmation by the company, a pre-placement talk and interview can be arranged on a mutually convenient date. If a company desires to hold online tests for the candidates, the arrangements will be made in the computer center on prior intimation. Up to 100 students can take up the test at a time.

More details about the Institution are available in the attached Placement brochure. We are looking forward to a mutually beneficial and long lasting relationship with your esteemed organization.

With regards,

(Dr.S.Subrahmanya Swamy)
